

The End of Allah' s Mercy and Grace

By Minister Louis Farrakhan

[Editor's note: The following edited text is from the Saviours' Day message of an address delivered by the Honourable Minister Louis Farrakhan on Sunday, February 23, 2003, Chicago, USA.]

I have a notebook in front of me, notes that I took from a meeting with the Honourable Elijah Muhammad back in 1967. I want to read to you what he said back then.

He said America is a preserved area. That no foreign nation will destroy America less they get the credit. Just as Allah (God) raised Pharaoh up that He (God) could prove to the world that He was God and beside him there was no God, Allah (God) allowed America to become the most powerful nation on the earth so that He could deal with her.

He will not let China do it. He will not let Russia do it. There are no silly terrorists who can destroy America. This area has been carved out for the Lord of the Worlds to prove that He is Allah (God).

The Hon. Elijah Muhammad said America is number one on God's list. The Hon. Elijah Muhammad said the Bible talks about four beasts, [England, Italy, Germany and America] and one was taken and destroyed outright. Its body was given to the burning flame.

He [Elijah Muhammad] said the more you fight against Elijah; the more Allah (God) makes perfect the work of Elijah. What does he mean? It is to say that every word that the Hon. Elijah Muhammad spoke, you are going to run into it.

The Hon. Elijah Muhammad taught us from the book of Revelation, "Count the number of the beast, for it is the number of a man, six hundred, three score and six."

He taught us that that verse has deep scientific meaning having to do with the creation of this world and its end. At the end of the 6,000 years of the rule of the wicked, Allah (God) is going to come and interfere with their rule.

The last six [of 666], the Hon. Elijah Muhammad said, represents 60 years of Grace, not to exceed 70 years, to give America time to repent and the Black man time to reform. If you count 60 from 1934 and add 10 more, it brings us to 2004.

This Qur'an says, "Whenever Allah (God) sends a Warner, He (God) seizes the nation with distress and affliction that they might humble themselves to the call for repentance."

The Bible says, "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." How many of us have turned? How many of us have humbled ourselves? How many of us would be worthy for Allah (God) to forgive us and heal this land in which we live?

I have been calling for atonement, repentance, Jesus did not pay for it all, he laid the foundation and opened up the way, but there is something that we have got to do. He said if any man would be my disciple you have got to first deny yourself, pick up your cross - don't worship me - and follow me.

I honour and respect those who try to live according to the teachings of the Torah. You cannot criticise Jewish people. If you do you are anti-semitic. The bible says those who say they are Jews and are not, I will make them of the synagogue of Satan. I do not hear you preaching that full Gospel.

You are afraid of the consequences but no man can say he is a Jew and promote homosexuality. No man can say he is a Jew and promote that which is against the commandments of God. No man can say he is a Jew and run the despicable and degenerate movies. Look at yourself black people do you think you are worthy to call yourself a Christian?

You can come to Jesus as you are but you cannot stay that way. Jesus had prostitutes following him but they [were not prostitutes] anymore after Jesus finished with them. They were holy Mary's. Women love to show your adornment. Your breast and buttocks are adornments. That's why you are covered. The nature of a natural man he is bound to be aroused. We have become so low down that God sees us as a dunghill, and we stink in the nostrils of Heaven. God is going to chastise us.

Grace and mercy is over. The time for us to have atoned is finished. Now there is no burden bearer who will bear the burden of another. Each one will bear his own burden.

The Honourable Elijah Muhammad told me, he said America will never rise to be an independent nation again. She will not have the power that she once had. Her money is gone no more silver after awhile she may even ask for copper. Her money is worthless. The wealth of her country is holding her up for a while. Soon you will see money piling high and burning in the street there will be another medium of exchange, coming not from this country.

The warmongers in President Bush's administration have got America's foreign policy to protect Israel. Do you know why they want Iraq out of the way? Iraq is to the Arab world as Germany was to Europe. The most disciplined highly technologically advanced scientific people in the Arab world you will find them in Iraq.

Iraq has never agreed with the taking of Palestine and giving it to Israel. Iran has never agreed. So who is the axis of evil. Iraq, Iran, North Korea. Regime change, preemptive war. Once America goes to war and within the next few weeks she will be in war.

You will see the anger of the protestors when innocent Iraq civilians die and body bags of American soldiers return, because there protest meant nothing. The police who after 9/11 became the instrument of republican policy, in New York they blocked the streets so that the protest did not look as big. The police were used as an instrument of policy.

Instead of people, protesting now their protests will turn to blood shed and in all the cities of America blood will be in the street. Please stop the killing; homeland security is designed to take you out brothers and sisters. America does not intend for you to destroy their future with your madness even though they encourage your madness, now under homeland security they will slaughter black people.

Do you know why you deserve it because God came to save you but you have become destroyers of yourself and your people. So since you love the shedding of blood, He says He will give you your own blood to drink. You will be drunk with your own blood as with sweet wine. That is on one level. In the Bible, it says, "When they rebelled against Moses, God will send fiery serpents."

The anger of white people is growing, because you are taking their children from them. The hip-hop generation has affected white youth. Your culture has affected young people all over the world and those in power see you taking their children from them. They intend to get their children back they intend to destroy you.

I warned President Bush in a letter less than two months ago, your neighbours are turning against you and you are making enemies for America all over the world.

You don't know Muslims. There are 1.6 billion Muslims in the world. Do not think about the Governments that are under the control of America. Think about the masses and the youth on the Arab streets. Muslims have a different outlook on life and they have a different outlook on death. Where you want to hold on to your life the Muslims feel that to die a honourable death fighting for a righteous cause will send them to paradise. You are dealing with force that you don't want to unleash.

We [The Nation of Islam] have been in your midst for 70 years not bothering nobody we are not terrorists the Arabs in America they are not terrorists they are people that came to America like other immigrants looking for a better life. I'm saying to the Muslims as this war gets started persecution against Muslims are going to grow, but don't fear it is written in the Qur'an that you must go through this.

If you go through it strong with perseverance you will come through alright. You will be wise to stock up something in your house, not just homeland security your security because when fighting gets started in the street the first place they will hit is the supermarkets.

The enemy is building strong highways and when stuff gets started he will ring the black community. You are not going to give him any trouble at all with your little guns. He will just cut off the water, the electricity and the gas and wait on you. When this is over nobody is going to have to ask you do you want to do right. Saudi Arabia I'm appealing to you.

The Honourable Elijah Muhammad 36 years ago, said, France will emerge out of it and will turn heels. She will not be with England and America. A man of God was in your midst you don't play with that man's words, you better go back and research the prophetic utterances because we are going to run into every thing he said.

America is going to War and the war is not going to stop. She is going to be fighting in Asia soon. The war in Asia is not going to be good. She will be fighting in Europe soon. This is her trick, this is the end.

In my conclusion the scripture is full of writings on you. He is so blinded he cannot help himself. God raised him up to do exactly what he is doing. So America you have a choice you can follow that blindness or you can come out of her and be not partakers of her sins and her plagues. It's talking about separating yourself from the mentality, of this wicked world and start reforming yourself. You would do wise in the church to start being very friendly to each other because before this is over you are going to need each other.

The Honourable Elijah Muhammad said that America's power will be broken in one year. It will be broken through war and through the natural calamities.

You know America is saying she want to attack Iraq because she has violated UN resolutions. According to what I have read more than 91 UN resolutions have been violated by countries belonging to the UN. Armenia has violated 4. Croatia 6. Indonesia 4. Israel 32. Morocco 16, Russia 1. Sudan 3. Turkey 14. Iraq between 12-14.

If America wants the United Nations to be respected why just jump on Iraq with 14 violations and not jump on Israel with 32.

Of the 15 members of the security council, America has vetoed nearly 50 resolutions that were condemning Israel and she either abstained or said yes to the 32 that passed but there was another 50 that she used her veto to stop. America is undermining the UN and no matter what they come up with she is going to War any way. If she goes to War the UN cannot stop her.

This is the beginning of the break-up of the UN, the break-up of this world.

As-Salaam Alaikum.
